Royal London Hospital

Endorsed by:

INTRODUCTION

The Society of Anaesthetists in Radiology (SAR) provides a forum for the sharing of experience, ideas and solutions across a multidisciplinary format. There has been an increase in highly complex therapeutic procedures, in adults and children, being performed by a variety of specialists in the radiology suite. This experience has largely been provided in silos with little cross-speciality learning.

The society's mission is to provide education and training resources for anaesthetists, radiologists and others working within this specialist area.

If you wish to become a member please visit:

Membership rates are £15 for trainees/AHP's and £30 for consultants.
